

THERE'S ONLY
ONE NATURE²

Taking Care of Your Pool or Spa Just Got Easier

PERFECT POOL WATER

Inspired by Nature

Discover The Power of Minerals

Nature²[®] uses the power of natural minerals to give you cleaner, clearer water while providing peace of mind with round the clock algae control — even when your pump is not running*.

Utilizing EPA-registered technology, Nature² is a conveniently simple solution, made with minerals like silver and copper, that safely and effortlessly sanitizes water while reducing your chemical usage by up to 50% in most pools — so you won't feel, smell, or be affected by heavy chlorine usage. Additionally, lower chemical use helps keep pH in a neutral range and prolongs the life of your equipment for lowered maintenance — so you can just enjoy your pool.

* See owner's manual(s) for required pump run times.

DISCOVER THE DIFFERENCE WITH NATURE²[®]

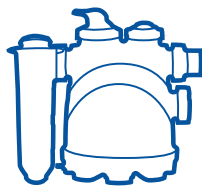

- Saves money using up to 50% less chlorine
- Proven control of bacteria and algae
- Decreases pool and spa maintenance
- Helps maintain a neutral pH for softer, more balanced water
- Easy to use
- Reduces faded swimsuits
- Guaranteed not to stain pool surfaces

No other system is this complete or easy to use and maintain.

With Nature² you're just a few simple steps away from perfect pool water — naturally.

HOW IT WORKS

Put the power of minerals to use in your pool or spa. Simple and effective, Nature² easily works in conjunction with your pool and spa's filtration system.

Step 1

Nature² pool mineral cartridges quickly install inside Nature² vessels or your pool's existing cartridge filter.

Nature² spa sticks are simply dropped into your spa's filter basket.

Step 2

Controlled Release Technology (CRT) automatically dispenses the right amount of mineral ions into your pool or spa water. CRT will release minerals gradually and will not overload or stain your pool or spa.

Step 3

The powerful minerals fight bacteria and control algae for up to 6 months in pools and 4 months in spas.

THERE'S A NATURE²® SOLUTION FOR EVERY POOL

Create a better swimming experience with sparkling clean pool water that is brilliantly clear and soft with less chemicals.

Nature² Fusion Soft

Salt Chlorinator + Nature²
DuoClear System

A total mineral solution, the Nature² Fusion Soft system is an all-in-one salt water sanitizer and mineral system for in-ground pools, bringing you the benefits of Nature² minerals with the convenience and advantages of a salt chlorinator.

- Exclusive hybrid innovation brings the best sanitizers together in one unit
- Easy to use - professional installation with low maintenance and the convenience of a salt chlorinator
- Works with virtually all swimming pool filtration systems
- Designed to sanitize in-ground swimming pools up to 40,000 gallons

Nature² Fusion

Chlorine Tablet Feeder + Nature²
DuoClear System

Minerals + Chlorine unite. The Nature² Fusion system is a robust and convenient chlorine and mineral sanitizing system for in-ground pools that combines the benefits of Nature² mineral technology with the convenience of an automatic chlorine tab feeder.

- Easy to install and compatible with most swimming pool filtration systems
- Mineral sanitizer and chlorine dispenser in one
- Control chlorine output with easy-to-read adjustment handle
- Designed to sanitize in-ground swimming pools up to 45,000 gallons

Nature² Express

Nature² Mineral Dispenser

Nature² Express is a simple mineral dispensing system that automatically releases the right amount of Nature² minerals into your pool for a cleaner, clearer swimming experience.

- Easy, do-it-yourself installation — everything in one box
- Stands up to heavy use, hot weather, and water temperature fluctuations
- Fits most in-ground and above-ground pools up to 25,000 gallons

Nature² CF

Cartridge Filter Drop-in Mineral Dispenser

Nature² CF is a simple drop-in unit for your pool's existing cartridge filter. Just place the Nature² CF in your pool's cartridge filter core and let our exclusive mineral process do the rest.

- Installs in seconds
- Sanitizing effects continue working in conjunction with chlorine for up to 6 months
- Designed for in-ground and above-ground swimming pools from 5,000 to 25,000 gallons with cartridge filters*

*Depending upon the size of your swimming pool cartridge filter, the filter parts can be assembled as a bundle of four (4) sanitizer elements, or as two (2) sticks of two (2) elements each. You should first attempt to use the bundle assembly.

YOUR SPA WILL SAY AHHH...

Nature2[®] SPA Stick

Nature2 SPA works with your existing spa filter. Just drop the Nature2 SPA stick into the spa's filter basket and forget about it for up to 4 months! Nature2 SPA will keep your spa sparkling clean and smelling great—even in-between use.

- Reduces chlorine consumption
- Destroys algae* and bacteria
- Works with chlorine or bromine
- No-chlorine recipe when used with MPS*
- Low maintenance; lasts up to 4 months

*When combined with an MPS (Potassium peroxymonosulfate)
